/ WORK EXPERIENCE

>> Web Developer

Urbancoolab | August 2021 to present
Fusing the world of tech and fashion together, I work with a team of designers to build and maintain platforms using ReactJS, MongoDB, ThreeJS, and Docker which allow users to design their own clothing line, harnessing the power of AI. Furthermore, built and maintain the company website utilizing NextJS & Contentful.

>> Web Developer

Forge Media + Design | October 2020 to August 2021
Working alongside the design team, built immersive experiences both web and mobile utilizing the MERN stack. Major clients included Apple, Four Seasons Hotel, and CAMH. Worked as a support engineer to help maintain and update localization of the Apple Canada site.

>> Jr Software Developer

Block 64 | April 2020 to October 2020
Worked with a team in an Agile environment developing business solutions software with React, PHP, MySQL, & jQuery to build new features and maintain databases. Additionally worked as part of the QA team, fixing bugs and assisting customers with any issues they might have.

>> Freelance Musician
